

Typical In Person Plus Timetable

Welcome!

The whole team is really delighted that you're considering joining the School, and we're looking forward to helping you transform your fundraising. For 2024 you'll be part of an exciting new approach to the School. At the heart is an intensive and engaging fully residential five days focussed on key skills and ideas. Either side of the immersive experience are online introductions to and insights on key topics available on video.

Finally, you'll enjoy a unique element as part of your **Plus** programme: a full day's onsite consultancy with one of the School's expert team.

As you know we adjust every timetable to the interests and abilities of the individuals signed up. So the timetable below will be tweaked around your assessment questionnaires, the one to one interviews, and the amazing number of ideas and inspiration we have to get through. We promise it will be intense and worthwhile.

Let me know if you have any questions and i'll get straight back to you:

Pre-Programme Preparation

You'll be working with your fellow attendees and the School team over the five days of the residential School. We need to do a bit of preparation to get you into the zone. **There are three ways we'll do that:**

Before the programme you'll have a 45-minute **one-to-one coaching session** with your home team leader — one of the School coaches — to clarify your aims and establish what exactly you want to get from your investment.

We'll also have a 90-minute **getting-to-know you session** with the whole group. We'll offer intros to the NAFS team and to each other. We'll explain the shape of the programme, and share aims and interests in small groups.

We'll ask you to **watch one or more video topic intros**. In one video we explore some of the key strategic ideas that underpin success, combining individual, foundation, corporate and statutory fundraising. In another we look at decision science.
