

Typical Online Timetable

Welcome!

The whole team is really delighted that you're considering joining the School, and we're looking forward to helping you transform your fundraising.

There's even more excitement since you'll be part of a group experiencing a new approach to the School. Based on feedback we've adjusted the programme to include more recorded content so you can watch and learn whenever suits you.

We've combined it with tutorial style sessions where you can discuss the content and explore the implications for you and your organisation.

The School runs over four weeks with the bulk of the live sessions taking place on Mondays and Tuesdays. You can find specific dates on the website [here](#).

As you look through the timetable, you'll see there are several different learning opportunities:

- **Live learning** — There a number of sessions where you'll be asked to take part in a whole group live learning session- the aim is maximum interaction and engagement. These sessions take place on Mondays and Tuesday mornings. We record the discussions to help you catch up if you miss one.
- **Pre-records** — We've recorded input around key ideas for several modules. You need to watch these, at a time you choose, before you take part in the follow-up tutorial sessions, where we'll discuss the input, get feedback on case studies and answer questions.
- **Optional sessions** — We'll create options based on various needs that emerge from the group. Typically, these include sessions for local authority professionals, for consultants and for freelance producers.

We also work hard to respond to individual and group needs, so be aware the typical online timetable below will be tweaked around your assessment questionnaires, the one-to-one coaching interviews, and the amazing number of ideas and inspiration we have to get through. We promise it will be intense!

The work will be fully interactive and involves some evening work. But if you have a challenge at any point attending the sessions you can catch up through the online video recordings.

Bernard Ross
Director

What kind of session?

The timetable below uses icons to tell you about the kind of learning there is in any section.

One-to-one coaching session to identify key issues for you

We've prepared videos to give you fast access to key ideas

Tutorial and group discussion sessions building on the videos

Direct input and insight from one of the experienced programme leaders

Small group action analysis and activity

Office Hours: a chance to catch up with your home group leader

Pre-Programme Preparation

You'll be working with your fellow attendees and the School team over five weeks. We need to do a bit of preparation to get you into the zone.

There are three ways we'll do that:

Before the programme you'll have a 45-minute **one-to-one coaching session** with your home team leader — one of the School coaches — to clarify your aims and establish what exactly you want to get from your investment.

We'll also have a 90-minute **getting-to-know you session** with the whole group. We'll offer intros to the NAFS team and to each other. We'll explain the shape of the programme, and share aims and interests in small groups.

We'll ask you to **watch the first of the video topic intros**. In this video we explore the key issues in developing a strategy. This shows how the various elements and frameworks fit together to create the basis for a sustainable fundraising future.

Online Learning Library

Many of the 28 modules are available exclusively as online on demand sessions. They're yours to watch when is best for you in our online video learning library, covering topics such as:

- what is decision science?
- creating supporter journeys
- managing a capital campaign
